By providing your postcode and your perspective, you empower us to walk into Westminster and say: 'This is not just what we think—this is what the community demands.'

UNITE. ORGANISE. ADVOCATE.

To turn 500,000+ voices into one undeniable force

To build a permanent movement that works every day of the year.

To ensure our rights are protected at the highest levels of government.

Uniting the Sikh voice to turn our community's concerns into clear political action, ensuring that our safety, our history, and our future are always at the heart of the national conversation.

Advancing Our Mandate: From Consultation to Action

These points represent a non-negotiable agenda for Sikhs across Britain. The Sikh Vote will continually lobby Westminster, utilise parliamentary channels, and hold elected officials to account. We will negotiate with all political parties and advance these strategic pillars until these necessary reforms are brought to fruition, legally implemented, and fully delivered.

SECURE OUR STREETS & GURDWARAS

In February 2026, while £73.4m was allocated for faith security, Gurdwaras were left to fight over a "leftover" shared pot of just £5m. This is a betrayal, especially with Anti-Sikh hate crimes up 20% this year.

Security Funding Parity

We demand equal funding for Gurdwaras, no more second-class protection for our places of worship.

Official Crime Tracking

We demand that "Anti-Sikh Hate" become a mandatory, standalone police category so our community is no longer invisible in the statistics that drive national resources.

PROTECT OUR COMMUNITY

Our children shouldn't have to hide who they are. Racism and bullying in schools thrive on ignorance. Simultaneously, the specific risks of exploitation facing our youth have been ignored by authorities for too long.

Identity in the Curriculum

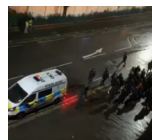

Mandatory education on Sikh identity, values, and history, including the Sikh Empire and our World War contribution, to stop bullying at the root.

NHS Healthcare Dignity

Sikh awareness training and establish standardised protocols across all NHS trusts to guarantee that Sikh patients are treated with dignity and their religious practices are fully respected.

Sikh-Specific Safeguarding

Following the 2026 grooming crisis, we demand a dedicated Sikh-specific module in the National Grooming Inquiry. Our children deserve to be visible and protected, not overlooked.

DEFEND OUR RIGHTS & SOVEREIGNTY

British Sikhs are not bargaining chips for trade deals. Whether it is the 3,000+ day of arbitrary detention of Jagtar Singh Johal, the suspicious death of Avtar Singh Khanda, or the sanctions placed on Gurpreet Singh

A Trade "Sovereignty Clause."

We demand a mandatory clause in the UK-India Trade Deal: if a foreign state targets or harasses a British Sikh on UK soil, trade benefits are suspended immediately.

Protect Free Speech

The right to peacefully advocate for Sikh Self-Determination is a protected legal right under international law. We demand an end to the biased "PKE" label, Schedule 7 border harassment, and an audit of intelligence sharing to stop transnational repression by foreign states.

Justice for the Targeted

We demand that the government call for the immediate release of Jagtar Singh Johal, an inquiry into the security threats surrounding Avtar Singh Khanda's death, and a removal of the 2025 sanctions against Gurpreet Singh.

Justice for 1984

We demand an immediate, judge-led public inquiry into the UK's military and diplomatic role in the 1984 attack on Darbar Sahib. No more broken promises.

ADDRESSING THE CONCERNS OF BRITISH SIKHS

For generations, the British Sikh community has been a pillar of this nation, building businesses, serving in our institutions, and enriching the fabric of our society. We are living through an era of unprecedented division in the UK, where misinformation is spreading, and Anti-Sikh hate crimes have reached record levels.

The Sikh Vote is our unified response to this changing Britain. We recognise that the threats we face are both local and global. We will be working with Gurdwaras up and down the country to hear directly from you about the issues you face. We are here to ensure that our collective concerns are translated into non-negotiable political demands.

Security Funding Parity

Equality in safety: We need fair funding to stop Anti-Sikh hate crimes

Official Hate Crime Category

Mandatory "Anti-Sikh Hate" tracking across all UK police forces.
